THREE REASONS WHY

The deadline for paying Capitalization Taxes is at hand. This week represents your last chance to become eligible to vote in the important Presidential election of November.

It is too early to discuss the issues at stake next November, but let us cite you three reasons why you should pay your Capitalization tax at once so you will be eligible to vote:

First, the New Deal has brought benefits to this county in greater volume than ever known before. Our needy have been cared for. Our unemployed have been given jobs. Our farmers have seen the glorious reality of better days. Our business men saw the dawn of '32 become the golden harvest of '36. The New Deal has remembered Appomattox, and we are better off because Franklin Delano Roosevelt has been in the White House. Appomattox county will be better off if he stays there. If there is gratitude in the hearts of our people, then we must give him a big vote in November. That requires that poll taxes be paid now.

Second, that "Grand Man of Virginia,"... CARTER GLASS... is surely you want to give him a vote of confidence. Virginia is generally admitted to have the two ablest senators of any state in the union, in Carter Glass and Harry Flood Byrd. They are more than senators, they are institutions in our state and our

party. All Virginia will honor Glass next November at the polls. Appomattox wants to honor him too. That requires that poll taxes be paid.

Third, our able congressman, H. D. Dwyer, of Petersburg, will be on the ballot for reelection in November, and we will want to show him our appreciation of his able and sincere representation he has always given the fourth district. Mr. Dwyer has been a friend of Appomattox and deserves our support and a vote of confidence.

When the campaign rages along the political fronts of the nation this fall, and party sentiment reaches a white heat in late October and early November, don't say then, "I wish I had paid my Capitalization Tax as I could vote."... pay them now and become one of the millions of American citizens to march to the ballot box in November to choose their leaders and their parties.

As the summer months come once more, the NEED of Appomattox for an adequate PLAYGROUND is apparent.

The area back of the high school should be made into a large playground for the children of the community. It should feature a concrete SWIMMING POOL. It should have large sand pits, swings, tennis courts and a host of other things for the children.

It would cost at least \$10,000... more money than we have to put into it. That, frankly suggests a government project. A new bill
